

SPECIAL ROAD TAX ELECTION MARCH 29

Circuit Court Puts Question of Better Roads To Vote of People After All-Day Consideration.

On Saturday, March 29th, Madison county will vote upon the question of imposing a tax of 20 cents upon each dollar worth of property for the purpose of repaving, reconstructing and building new roads in Madison county. After an all-day session Tuesday, the Fiscal Court voted to order the election. Many strong statements as to the necessity of better roads for Madison were heard and the members of the court decided that it is a question to put to the vote of the people and ordered the election. The official minutes of the court meeting, and a copy of the matter read as follows:

Special term of court called for the purpose of considering the calling of an election to increase local tax for roads and bridges. Present: Esquires Collins, Wilson, Williams, Benton, Todd, Long and Million, and Hon. W. D. Price, County Judge.

After a discussion and the hearing of the various citizens present before the court upon the subject, Esquire Williams made a motion which was seconded by Esquire Collins, that in the event the election be called, by the court and a majority of the voters of the county approve the levying of said additional tax, that 75 per cent of the revenue derived from said special tax be expended in macadamizing dirt roads and building new bridges where deemed necessary in the judgment of the court giving due regard to the needs of the various sections of the county and that same be distributed as equitably as possible to each district each year same is collected.

Upon a roll call said motion and order was approved, Esquires Collins, Wilson, Williams, Benton, Todd, and Million voting aye, Esquire Long not voting.

Upon motion of Esquire Todd, duly seconded by Esq. Wilson, it was ordered that an election be held as directed by law, Saturday, March 29th, 1919, to take the sense of the voters of Madison county upon a proposition to levy a special tax not to exceed 20 cents upon each one hundred dollars worth of property in the county to be levied each year for 10 years for the purpose of improving or constructing either, or both, the roads and bridges of the county.

And it is further ordered and directed that the Sheriff of Madison county advertise the time and purpose of said election as required by law.

Upon roll call said motion and order was carried; Esquires Collins, Wilson, Williams, Benton, Todd, and Million voting aye, and Esquire Long voting no.

Upon motion of Esquire Benton, court adjourned.

Before the court took its formal action, Hon. Rodman Wiley, State Commissioner of Public Roads, spoke to a large crowd in the circuit court room, emphasizing the calling of the election. Mr. Wiley emphasized the fact that the county, under the present high prices for labor and materials, has failed to adequately maintain even half of its present mileage of roads, and strongly urged that the additional tax be provided by the people to maintain Madison county's roads.

He also urged the added tax on account of the fact that the National Government has included in its budget for the next three years an appropriation of \$200,000,000 for roads, which is to be expended together with a like sum to be furnished by counties or other local governing units for building main arteries of travel such as the Dixie Highway which runs 22 miles through Madison county and the proposed tax would enable the Fiscal Court to enter into such construction on the behalf of the county.

He presented figures showing that the increased tax on a taxpayer listed at \$5,000 would be only the present price of a bushel of wheat, 25 pounds of tobacco, a 60 pound pig, or one-half the price of a broken automobile spring, and that the increase of 20 cents per \$100 to the present tax of 25 cents per \$100 was very low in comparison with that in the eastern states or even with the adjoining state of Indiana, where the rate now is \$1.45 per \$100, and that the people of that state would not consider a proposition to reduce it.

The address was well received and it was apparent that a majority of those present are in favor of the proposed tax. Mr. Wiley presented a map showing that 17 counties, among which were Franklin, Shelby, Owens, and others in which like conditions to those in Madison county prevail, had

Railroad Wins Little Negro's Damage Suit

Circuit court was busy most of Thursday with trial of the \$2,000 damage suit of Mrs. Nelson Davis against M. Wides. Mrs. Davis alleges that conditions in the neighborhood in which she lives, were a nuisance and caused by the manner in which the Wides junk business is conducted.

W. D. Logsdon was given a judgment of \$100 against John Baker, for assault and battery, alleged to have been committed upon him on the Berea pike some months ago.

George Goodloe won a \$250 judgment against M. Wides in a suit over some junk.

In the suit of J. A. Estes against S. C. Reid, Mr. Reid was given a judgment of \$150. The suit was over certain commissions for the sale of land.

The jury which tried the damage suit of Bates Hogan, the little negro boy who had both legs mangled by a train in the Fort Estill yards, found of the L. & N. railroad company. Counsel for the child entered a motion for a new trial on ground of newly discovered evidence.

Planning For Fine Garage

Owing to the fact that there are already one or two Madison Motors Companies in Kentucky, the syndicate of local men who have bought the old McCreary lot on West Main street to build a new garage, have had to find another name and have adopted the name of Richmond Motors Company. They went to Frankfort yesterday to look after incorporation of the concern. The stockholders will be Messrs. M. C. Kellogg, J. J. Greenleaf, Robert Maupin, Frank Chase, and J. Hale Dean. They visited a number of the most modern and commodious garages on their way to the capital city, and looked over their plans of construction, etc. It is understood that they propose to erect what will be one of the handsomest buildings of the kind in this or any other state, on their lot on West Main street. The structure will be about 57x100 feet, of brick and steel construction, absolutely fire proof, and with an ornamental white brick front, that will add greatly to the beauty and attractiveness of the place. All comforts and conveniences will be installed.

Messrs. Dean and Maupin drove a new Nash touring car back from Louisville Friday for the new company. It was a model which had been specially prepared for the Louisville Automobile show this week, and is beautiful.

Mrs. Emerson Gwynne, Mrs. S. M. Sanfey, and Mrs. T. D. Chenault were visitors in Lexington Tuesday.

Another Basket Sells at \$1.70 at Madison House

Top Figures Still Ruling at "Big Price House" Where 1st Sales Will be Held Monday.

Like most of the Garrard tobacco growers who have high class weed, Walter Kelly, of that county, brought a nice load into the "Big Price" Madison House today and sold a basket of it at only \$1.70 a pound. W. S. Judy bought it for the R. J. Reynolds Company.

The Richmond market is undoubtedly making records for continuous high prices that are not equalled anywhere in the state or the entire burley districts that are equalled anywhere time that baskets of tobacco here have sold way over \$1 a pound. Though this is the flag end of the season and ordinarily at the end of the season, the market drops off a lot, prices are holding up in a way that is astonishing old timers.

The "Big Price" Madison House and its popular manager, Elmer Deatherage, are being congratulated on all sides upon the splendid prices that it has gotten for its friends throughout the entire season. The sales ended Thursday, but first sales will be held at the Madison House Monday. With the rain, which is pouring down today, what is left of the weed in this section will be fine for handling and a big floor is expected when sales open Monday.

EXTRA LONG WEAR FROM SHOES

T. D. Collins of Oskala, Hawaii, makes a remarkable statement which demonstrates the money-saving durability of Neolin Soles.

He writes: "After wearing a pair of Neolin-soled shoes off and on for thirty-three months, I wore them on a trip to the volcano of Kilauea and walked around the crater over hot lava six times and still the soles showed only slight signs of wear."

This experience is not accidental. It results from the scientific process by which Neolin Soles are made to be exactly what soles should be—comfortable, waterproof and exceedingly economical because of the long wear they give.

Get them on new shoes for all members of the family and have them put on worn shoes. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear any other heels.

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, ... and the pains were very severe. A friend told me I had tried everything else, why not Cardui? ... I did, and soon saw it was helping me ... After 12 bottles, I am strong and well."

TAKE

CARDUI

The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

KIDNEYS WEAKENING? BETTER LOOK OUT!

Kidney and bladder troubles don't disappear of themselves. They grow upon you, slowly but steadily, undermining your health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you feel that you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1696 the govern-

ment of the Netherlands granted a special charter authorizing its sale.

The good housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. Their use restores strength and is responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

DON'T SCOLD MOTHER! THE CROSS CHILD IS BILIOUS, FEVERISH

Loow At Tongue! If Coated, Clean Little Stomach, Liver and Bowels

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with foul waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes gently out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative" and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

HAVE YOU SEEN STARS?

THEY'RE HERE!

66 Years Success

The Wonderful Record of Dr. Thacher's Liver and Blood Syrup.

Those medicines which live for even a quarter of a century are exceptional, and continuous use for over two-thirds of a century is indisputable evidence of wonderful merit.

Dr. Thacher's Liver and Blood Syrup came into existence in 1852, and from that time to the present it has grown in the confidence and estimation of its yearly increasing number of users. Through all these years it has steadily grown in popular favor.

Its wonderful building up power is shown in the experience of Mrs. C. E. Chadwick, Seale, Ala. "I was all run down in health," she says. "Weighed only 104 pounds and getting worse every day. I began the use of Dr. Thacher's Liver and Blood Syrup and today, I am thankful to say, I am in perfect health and weigh 155 pounds. I attribute my good health to the use of that most wonderful medicine. I firmly believe there are numerous suffering people that could be sound, and well by the use of Dr. Thacher's Liver and Blood Syrup."

If you need a tonic, or a blood purifier; if your liver is out of order, your stomach troubles you, or you are constipated, have indigestion or dyspepsia, try Dr. Thacher's Liver and Blood Syrup. It is purely vegetable and cannot possibly injure any one. It has been of wonderful benefit to others, therefore should command your attention. All dealers in medicines sell it and will recommend it.

Sells Farms At Top Prices

Col. G. B. Swinebroad, the "sawdust" of Lancaster, is continuing to sell land in his hands at almost unheard-of prices. News comes from there that he sold for Mrs. C. A. Robinson, her farm of 180 acres, four miles from Lancaster in Garrard county, for \$212.50 per acre, the sale was to John Hicks, of Garrard county.

he sold for Mrs. B. H. Nash, of Lexington, her farm of 33 acres near Hubble, in Lincoln county, for \$6,070; he sold for Hays Foster, Welch Rochester and K. S. Alcorn, a small tract of land, 25 acres with a new bungalow thereon, just at the city limits of Stanford, a portion of it being sold as building lots; this was at public auction and James Stringer was the purchaser, at the aggregate sum of \$10,625; he sold for Thomas Metcalf 420 acres, two and a half miles from Danville in Boyle county, known as "Warrenwood," to Squire W. M. Fields, of Lincoln county, at about \$200 per acre, making the deal something over \$80,000. He is going to subdivide this farm for Mr. Fields and sell it at public auction on March 4th.

Clemenceau's Condition

Paris, Feb. 20—Premier Clemenceau spent a good night, the Associated Press is told today, and had no fever. The Premier's chief clerk, however, is quoted as saying "the Premier is certainly seriously hurt, but his condition is as satisfactory as possible."

Nothing definite, however, can be known of the results of the Premier's injuries until an X-ray photograph is taken and examined.

The wound itself is slight but necessarily serious for a man as old as Clemenceau, but if early reports of his condition are borne out, it would appear that after a period of convalescence he will be able to resume his activities about the time of President Wilson's return to Paris.

Clemenceau was stricken at the very moment when plans were crystallized to take in hand the actual peace treaty.

Describing the actual shooting, Clemenceau said he had noticed the man who shot him standing on the sidewalk on a previous occasion, and thought "that fellow was no good," when he saw him on the day of the shooting. That instant his assailant fired. Shots struck the automobile, but other shots followed and he felt pain in the back of his neck. At the same time the chauffeur "got us out of range, turned and brought me home." He added sarcastically "my adversaries are really poor shots; they are exceedingly clumsy."

How to Make Bright Tobacco

There is always room at the top and high prices for bright tobacco. This is the year to make a bright crop; to do this we must have early plants. One bag of our Tobacco Plant Food, sowed over a bed nine feet wide and 200 feet long, and raked in with a small hand rake, will give you a strong, healthy plant two or three weeks sooner.

Two hundred pounds of our Gem Bright Leaf Tobacco Grower, drilled in or by the side of the row, will give your tobacco a start and make an early, fine bright crop, and pay on any land.

The highest average crop sold on our floor this season was the crop of J. C. Gragg & McIntyre, who used our Gem Tobacco Fertilizer. This crop sold on our last sale at an average of \$33.55, including all grades.

We sell only the V. C. Fertilizers, made by the Virginia-Carolina Chemical Company, the largest manufacturers of Fertilizers in the world, men that I have known all my life, and can vouch for.

Many people have tried this Fertilizer in this section and continue to use it. Last season Mike Thornton burnt and sowed a bed on the Clay farm without fertilizer; Robert Stivers and Waller Rodes prepared one, using our Fertilizer; both beds same size and sowed on the same day. They tell me they had plants from two to three weeks sooner, and furnished Thornton and others with plants. Beds should be rolled or tramped, possibly several times early in the season. Crops should be rotated. Tobacco cures brighter following corn than any other crop.

We will ship direct to any parties wishing to use it.
